How to Get Rid of Catarrh

A Simple, Safe, Reliable Way, and It Costs Nothing to Try.

Those who suffer from catarrh know its misery. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive, home treatment discovered by Dr. Blomster, who, for over thirty-six years, has been treating catarrh successfully.

His treatment is unlike any other. It is not a spray, douche, salve, cream, or inhaler, but is a more direct and thorough treatment than any of these. It cleans out the head, nose, throat, and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased mucous membranes and arrests the foul discharge, so that you will not be constantly blowing your nose and spitting, and at the same time it does not poison the system and ruin the stomach, as internal medicines do.

If you want to test this treatment without cost, send your name to Dr. J. W. Blomster, 231 Walton street, Atlanta, Ga., and he will send you by return mail enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, catarrhal headaches, catarrhal asthma, catarrhal bronchitis, catarrhal colds, and catarrhal complications. He will also send you free an illustrated booklet, telling him immediately.

MOTHER'S PLEA STIRS COURT.

Youth Who Sold Unpaid-for Motorcycle Gave Release.

Charged with purchasing a motorcycle from Thomas N. Mead, for \$100, making a first payment of \$20, and two months later selling the machine to John Devlin, John Hughes, twenty-one years old, was yesterday tried in Police Court and released on probation, after he had told how a letter from his sick mother had so affected him that he had to get money for his railroad fare to Charlottesville, Va., to visit her.

The story of the young man appeared to Judge Aukam, and he was released. The boy's mother arrived in court just as the case was being closed, she having come to Washington to assist him. She told Judge Aukam that Hughes had supported her for four years, and that she was seeking a position in a department store to aid in paying off the debt incurred by her son.

PAINTERS ARE BUSY ON WHITE HOUSE

Biennial Clean-up of the Exterior About Half Done.

About once every two years the officials in charge realize that the White House is no longer really and truly white. Like all other houses that are painted white this one must be repainted often and with hard work.

Just now the Executive Mansion is undergoing its biennial clean-up. The stately old mansion will look as good as new when the squad of painters get through. In the meantime the building looks like a temporary tentacle bridge over a hollow.

It is almost completely obscured by scaffolding. This reaches from the ground to the eaves and gives the house a decidedly crippled appearance. It usually takes more than a month to repaint the exterior and the work now is just about half done.

Sets Sister on Fire.

Berkeley, Va., Sept. 14.—While his mother went to a grocery leaving with him his sister, Mary, aged three years, Charles Shorter, aged six to-day, saturated the girl's clothes in kerosene and set fire to her.

OPPOSE HOSPITAL PLAN.

Charities Board at Issue with Trustees of Columbia.

Believing the government should make no provision for hospital patients who are able to pay, the Board of Charities in its annual report, now being prepared, will oppose a \$200,000 appropriation for a new building for the Columbia Hospital for Women, and will recommend the establishment of an institution to be used for the care of indigent patients on the property now owned by the District at Fourteenth and Uppur streets.

In last year's estimates, the board asked for an appropriation of \$50,000 to start work upon the proposed \$200,000 structure, but Congress refused to grant the money. According to the plans suggested by the trustees of the Columbia Hospital, a women's building for that institution would provide for fifty pay patients, leaving room for only 50 indigent patients, while the proposed Fourteenth street building would accommodate 150 indigent persons.

Director Holmes Safe.
